

Notice to All Competitors in the Harp Competitions!

Harp and Harp Slow Air Competitions take place in Presentation Senior NS (Eircode N91 YD83), as per 2022.

While there is no parking on the school grounds, the school is outside the pedestrian cordon and there will be some limited spaces available outside the school for set-down/drop-off of instruments. This is directly outside the main entrance. There will be a steward on hand to assist with your instrument.

Please use the Harbour Street approach (past the General Hospital). The school will be on your right so we would ask all drivers to please continue past the school, turn 360 degrees at the mini-roundabout just beyond the school and set-down outside the school on your left, as you return up Harbour Street.

For designated Fleadh parking, please see parking information map, on our Updates and News Page
